

*Health and Safety Measures

Here are all the safety measures Lakepoint Church is taking under CDC guidelines to make the return to onsite worship services available to you and your family.

- All those defined by the health department as more vulnerable (i.e. 60+ years of age, those with compromised immune systems, those with underlying health conditions, those who are especially anxious about being in a large group, etc.) are encouraged (but not required) to stay at home.
- Social distancing of 6 feet needs to be followed in all areas.
 - No volunteer or service element will involve handshaking or handing you anything.
 - Any physical items that help our worship (like prayer cards or giving buckets) will be set out.
 - You're encouraged to arrive 5-10-15 minutes early and take your seat, so there's no crowding on the way in.
 - Seating will be clustered for family units by 1's, 2's, 4's, 6's - all no less than 6 feet apart, and often 10 feet apart when possible. We'll help you find a seat.
 - We'll dismiss from service in two waves.
- Cleaning
 - We'll be using seats with sanitizable surfaces.
 - We'll sanitize all surfaces before each service per [CDC recommendations](#).
- Entering the Church
 - Entrance doors will be propped open to limit contact with door handles or greeters will hold doors open for you.
 - Signage will be placed at entrance doors asking anyone with fever or flu-like symptoms not to enter the church.
 - Hand sanitizer available at entry.
 - Please, wash your hands often while with us.
- PPE
 - Facemasks are free, available, and encouraged, but *optional*.
 - Encouragement to use a facemask while singing will be mentioned at the start of every worship service.
 - All staff and volunteers *are required to wear face masks* while representing Lakepoint Church in their team role.
 - Platform roles may remove masks while on the platform.
 - The counting team must additionally wear gloves. Coffee team as well when their role resumes at a later date.
